

Renter's Insurance

Renter's Insurance:

LIVV WELL tenants must be covered on a renter's insurance policy. Our insurance policy covers losses to the home itself. Your personal property and certain liabilities, however, are covered only through a renter's insurance policy that you, as a tenant, will have to find and pay for (we can help you with this). Four good reasons you should have renter's insurance: 1) It's affordable. 2) It protects you and your property. 3) It provides liability coverage. 4) It covers your belongings when you travel.

Tenant(s):

Name: _____ Phone: _____

Email address(es): _____

Check one:

- I have provided proof of a paid renter's insurance policy with a full-year premium paid or with premium payments made on autopay.

Insurance Company: _____

Policy Number: _____ Effective Date: _____

- I would like assistance in obtaining renter's insurance and give LIVV WELL Property Management permission to share my contact information with a licensed insurance agent. I understand I must pay a full-year premium at the start of my lease agreement and that my rent will be increased \$20/month until I can provide proof of a paid renter's insurance policy.

- Renter's insurance is for *your* protection.
- If you need assistance, a licensed insurance agent from American Family Insurance will be contacting you within 10 business days.
